**A MATTER OF IMPORTANCE.**  
MONTPELIER, Vt., July 24th. '95.  
W. L. PARK. It will give me pleasure to see personally that the 1000 pamphlets are carefully given out. This time of the year is the time for farmers to visit entertainments, and we are having about five thousand farmers visit the Wild West each day. They come a great many of them in buggies. Each Green Mountain farmer shall have a pamphlet to take home with him to read as long as the pamphlets last. The pamphlets are beautiful, and well gotten up. Put in some more views of our outside farms, and a view of the great Platte river to show that we have lots of water to irrigate with. Put in some views of Hershey, Sutherland, Maxwell, Brady Island and all our little towns. Get out an addition of 100,000, and put me down for double of what any other man in Lincoln county will give, and my check is ready. We have as fine a county as there is in the state, and with our irrigation canals the richest. It should be advertised.  
Yours truly,  
W. F. CODY.

NORTH PLATTE, Neb., July 28.  
EDITOR TRIBUNE:—The above letter from Hon. W. F. Cody in regard to the advertisement of this section of Lincoln county, just received. The time for this work is certainly very opportune and an effort should be made to carry out the idea of Mr. Cody. The pamphlet is now composed of illustrations taken in winter. A number of fine pictures have been obtained of orchards, fruit trees, grain fields, harvesting and water in the canals, which will make the book proposed very complete. The most costly work, engraving the covers, will not need to be done over and a large edition can be obtained. There are a number of wealthy men and corporations in this vicinity who have property interests sufficient to justify them in giving from \$100 to \$500, and for which they will get value received. People cannot be induced to come here and locate unless we advertise. With a little effort the valley can be densely populated in a few years.

I suggest that the business men call a mass meeting and discuss this matter and that Col. Cody's generous offer be met half way. One or two individuals cannot do all of this work. It is a matter that concerns every resident of the Platte valley.  
W. L. PARK.

### INSTITUTE NOTICES.

The Lincoln county teachers' institute begins August 5th, and closes August 10th. The sessions will be held in the court room beginning at 8:30 in the morning and closing at 3 p. m. Daily examinations will be given after 3 o'clock in the school rooms, and an examination also August 12th and 13th.

Mrs. Jenkins and Mr. Valentine will both give an evening lecture sometime during the week. We shall have one social evening together and Friday evening, August 9th, Miss Pike, of Denver, will give us one of her very pleasing entertainments. Miss Pike will also talk to the teachers Friday afternoon upon the subject: "Is Physical Training a Fad?"

Those interested in educational matters are cordially invited and urged to visit the institute. The court room is large and visitors are welcome.

An admission fee of twenty-five cents will be charged all but the teachers to Miss Pike's entertainment, and we want a large audience.

I have the names of several who can board the teachers during the week. I shall be glad, however, to know if there are others who can accommodate them.

I wish to urge the teachers to be here promptly and to make their plans to stay the entire six days. The time is very short for the work we wish to do.

MARY E. HOSFORD.

### PROTECT THE GAME AND FISH.

Shoot or fish only in the proper season and escape the game warden by observing the laws. Many states have new game and fish laws this year, and if you don't know them, send five 2c stamp for a copy of the Game Law issue of The American Field, 245 State St., Chicago.

—L. A. Fort returned Saturday from Chicago Saturday morning, where he spent about ten days talking up the Platte valley and the beauties and advantages of irrigation. Mr. Fort is pretty well convinced that his visit to the great metropolis will result in more or less immigration to this section in the near future.

**RENNIE'S. RENNIE'S.**

—Mrs. Alice Gardner Burlison, widow of Rev. J. H. Burlison, a former pastor of the Presbyterian church of this city, was married on the 25th inst. to Dr. Albert Edward Hoadley, of Chicago. They will reside in Chicago.

—Doctor Aley, of Lincoln, will again be at the Neville hotel, North Platte Monday and Tuesday, Aug. 5th and 6th, where he may be consulted by all who are afflicted with any chronic ailment.

—Geo. Hawkins, of Wellfleet, and E. L. Garrison, of Well precinct, were in town Saturday, and both reported that up to that date corn was doing well. Small grain in that part of the county, as a rule, is scarcely worth harvesting.

—If you desire to consult Dr. Aley, the Lincoln specialist in nervous, female and chronic diseases, remember the date of his next visit to North Platte is Monday and Tuesday, Aug. 5th and 6th—two days only.

—The section of country along the North Platte river north of Sutherland is rapidly being transformed into a farmers' paradise. The sixteen or eighteen neat houses erected by the Emerson seed company, all of which are uniform in size and painted white, give the country the appearance of a village. The whole Platte valley west of the city will present a similar appearance within the next five years.
